Message from the Guest Editor

Dear Colleagues,

1. How has air connectivity been affected by COVID-19?
2. What are the main anti-COVID-19 measures taken by distinct countries that affect air transport? Are there any lessons that can be extracted?
3. What are the main changes that we can expect for post-COVID-19 air transport?
4. Is COVID-19 affecting preferences for travel?
5. How is COVID-19 affecting air transport vulnerability and resilience?
6. A level playing field in state aid for airports, airlines and hotels: are there worldwide lessons to be learned?
7. Tracing apps vs. rapid tests to increase air connectivity: are there lessons to be learned?
8. Has COVID-19 boosted digital transformation and automation in airports and airlines?
9. Has COVID-19 changed biosecurity and sanitization processes in airports and airlines?
10. Air transport accessibility during the pre-COVID-19 and COVID-19 periods and the effects on the post-COVID-19 era.
11. others

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
