Message from the Collection Editor

Dear colleagues,

This Special Issue focuses on policies to improve the port competitiveness and the potential of waterborne transport, on the one hand, and measures to reduce the environmental footprint of maritime transport operations and to safeguard the marine environment and fauna, on the other hand. Welcome topics include, but are not strictly limited to, the following:

Policies and measures to safeguard the marine environment or fauna;

Measures to reduce the environmental footprint of sea transport and port operations;

Sustainable maritime transport;

Low-emission ships;

Low-emission port operations;

Port competitiveness and regionalization;

Port telematization;

Motorways of the sea, short sea shipping, and their competitiveness against all-road mode.
