Dr. Stanisław Iwan

Dr. Krzysztof Małecki

This Special Issue aims to answer the questions of how to plan urban transport under the circumstances described above and how to reduce the need to travel by motor vehicles while ensuring a higher level of road traffic safety through strategic planning and operational activities.

Potential topics of interest include, but are not limited to, the following:

Transport demand management

Reduction of congestion in urban space

Road traffic safety management in urban areas

Traffic management systems that improve mobility and/or safety

Mobility as a Service

New modes of transport in urban space

Intelligent transportation systems services and road infrastructure that improve road safety and mobility

New technologies for road safety and mobility management

Vulnerable road users' safety and mobility

Methodologies, practices, and policies for achieving behavioral change

Urban mobility versus road safety

New methods in road safety and/or mobility data collection and analysis

Effects of large-scale events (e.g., pandemic) on road traffic safety and/or mobility

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international Open Access journal which provides an advanced forum for research findings in areas sustainability related to and sustainable development. Sustainability publishes original research articles, review articles and communications, I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
