Portugal

**Prof. Dr. Elias G. Carayannis**

GWU School of Business, The  
George Washington University,  
Washington, DC 20052, USA

### Message from the Guest Editors

Entrepreneurship and innovation are suggested as particularly effective practices to make economic growth sustainable and is one of the key areas tackled by the current sustainable development debate. The relationship between entrepreneurship and sustainable development has acknowledged significant attention from academics and policymakers, as society seeks for answers leading to sustainability. Papers which examine trends and initiatives, employ original methodologies, and offer interesting empirical insights and theoretical contributions to this issue are very welcome.

Deadline for manuscript  
submissions:

**closed (30 September 2020)**
