Universidade Estadual Paulista  
“Júlio de Mesquita Filho”, Sao  
Paulo, Brazil

Deadline for manuscript  
submissions:

**closed (16 May 2024)**

### Message from the Guest Editors

This special issue entitled “Spotlight on Ecotoxicological Impacts of Plastic Pollution” intends to discuss, but is not limited to, the presence, fate and behavior of nano and microplastics in the environment, their uptake by the biota, and the ecotoxicological effects that may occur at different levels of biological organization as a consequence of exposure to plastics. It involves also manuscripts regarding the chemical composition of plastics and/or leachates obtained from plastics, and their toxicity, and the hazards associated to such contaminants.

This issue intends to join some of the main authors in this field, providing a sound discussion about the problem of plastic pollution and its ecotoxicological effects. This issue also intends to provide up to date information and innovative results on the topic.

## Message from the Editor-in-Chief

*Toxics* (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [CAPlus / SciFinder](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (*Toxicology*) / CiteScore - Q2 (*Chemical Health and Safety*)
