submissions:
closed (31 May 2023)

Message from the Guest Editor

Dear Colleagues,

As Section Editor-in-Chief of *Clinical Immunology*, I am glad to announce the Special Issue "Feature Papers of Clinical Immunology". This Special Issue of the Journal welcomes manuscripts on clinical immunology researches from several perspectives, including epidemiology, pathogenesis, animal models, clinical manifestations, disease association, and treatment. Studies on the relationships between host and pathogen reactions as well as on side effects of vaccines are also encouraged. We welcome the submission of manuscripts from Editorial Board Members and from outstanding scholars invited by the Editorial Board and the Editorial Office.

You are welcome to send short proposals for submissions of Feature Papers to our Editorial Office (Vaccines@mdpi.com) for evaluation.

Prof. Dr. Giampiero Girolomoni

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.
