Department of Pathology and  
Laboratory Medicine, Children's  
Hospital Colorado, Aurora CO,

### Message from the Guest Editors

Dear Colleagues,

For the 22<sup>nd</sup> annual meeting of the Rocky Mountain Virology Association, we will publish the proceedings of the meeting in a special issue in the journal, *Viruses*. In addition, the special issue welcomes full-length research and review manuscript submissions from all attendees.

Dr. Joel Rovnak

Dr. Rushika Perera

Dr. Molly Butler

*Guest Editors*

Deadline for manuscript  
submissions:

**closed (31 March 2024)**

Director, HIV Dynamics and  
Replication Program, Center for  
Cancer Research, National  
Cancer Institute, Frederick, MD  
21702-1201, USA

## Message from the Editor-in-Chief

*Viruses* (ISSN 1999-4915) is an open access journal which provides an advanced forum for studies of viruses. It publishes reviews, regular research papers, communications, conference reports and short notes. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers. The full experimental details must be provided so that the results can be reproduced. We also encourage the publication of timely reviews and commentaries on topics of interest to the virology community and feature highlights from the virology literature in the 'News and Views' section.

Electronic files or software regarding the full details of the calculation and experimental procedure, if unable to be published in a normal way, can be deposited as supplementary material.

## Author Benefits

**Open Access:** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High Visibility:** indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **MEDLINE**, **PMC**, **Embase**, **PubAg**, **AGRIS**, and **other databases**.

**Journal Rank:** JCR - Q2 (*Virology*) / CiteScore - Q1 (*Infectious Diseases*)
