Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *BioMedInformatics* (ISSN 2673-7426). *BioMedInformatics* is an international, multidisciplinary, peer-reviewed and scientific open access, open source journal that encourages authors to submit high-quality original research papers and in all areas of biomedical informatics, as well as computational biology and medicine. Systematic Reviews will also be considered for publication. *BioMedInformatics* is published quarterly online by MDPI.

We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexandre G. De Brevern

Aims

BioMedInformatics is an interdisciplinary, scientific open access journal whose mission is to promote multidisciplinary research and educational approaches that are essential for computational science in biology and medicine. The focus of *BioMedInformatics* is on novel methods and computational workflows for data-driven solutions to biomedical problems, and the weight of this focus is at least equal to that of reporting on the specific biomedical results currently obtained with these methods.

Scope

- Bioinformatics
- Clinical Informatics
- Imaging informatics
- Public Health informatics
- Computational Biology and Medicine
- Pharmacological data science
- Methodological papers on data science, with the explicit presentation of their utility for biomedical datasets, including

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)
